

Medline Industries, LP.
Issues a Voluntary
Nationwide Recall of
Various Lots of
Tracheostomy Care and
Cleaning Trays

NOTIFICATION DATE: 12/20/2023 LAST REVISED ON: 1/2/2024 SUPPLIER/CATEGORY: RESPIRATORY

THERAPY

SITUATION

Medline Industries, LP. announced a voluntary nationwide recall of several lots and SKUs of Tracheostomy Care and Cleaning Trays. The Tracheostomy Care and Cleaning Trays include a tracheostomy brush as a component that may have sharp edges at the tip that can puncture tubing during use and/or cause user injury during handling. The bristles of the tracheostomy brush are detaching before and potentially during use. If bristles reach a patient's airway, they may cause unexplained increases in sputum or pulmonary secretions, signs of infection, or difficulty breathing.

BACKGROUND

- Medline Industries, LP. announced a voluntary nationwide recall on October 10th, 2023, of several lots and SKUs of Tracheostomy Care and Cleaning Trays.
- Tracheostomy Care Trays are medical devices intended to be used for the care and maintenance of a stoma site
- These trays may be used in various healthcare environments including acute care settings, such as hospitals, and long-term care settings such as skilled nursing facilities.
- The tracheostomy brush component is used to clean tracheostomy tubing and cannulas.
- Tracheostomy cannulas should always be rinsed following brush cleaning.
- This component is packaged within Tracheostomy Care and Cleaning Trays, which contain multiple components packaged together.

ASSESSMENT

- The voluntary recall includes the following item numbers and lot numbers, distributed nationwide from March 21, 2022, through October 10, 2023. Affected product(s) can be identified by the lot number indicated on the medical device packaging.
- This has been distributed through One Recall.
